

Excellence in Basic and Engineering Sciences and Education -Physics and Mathematics in South Eastern Europe-

February 18 – 21, 2010.

Niš, SERBIA

A N N O U N C E M E N T

Organizers

Faculty of Science and Mathematics (PMF) Niš is organizing the ``Excellence in Basic and Engineering Sciences and Education - Physics and Mathematics in South Eastern Europe``.

The meeting will be held from February 18th – 21st 2010 in the Regional Centre for Professional Development of Educators in Niš (Pariske Komune nn Street).

This meeting is a part of the project activities of UNESCO–BRESCE Venice, Faculty of Science and Mathematics Niš, Southeastern European Network in Mathematical and Theoretical Physics – SEENET-MTP Network and City of Niš (Niš International Office for Science, Education and Culture – NIOSEC (to be established)), supported by the Serbian Ministry of Science and Technological Development, under the auspices of the City of Niš.

Goals

Basic and Engineering Sciences and Education occupy a central place in educational and scientific system of modern society and their development has a great impact on many segments of the economy and society.

Creating a database of scientific capacities, starting through examples of Niš and Craiova, will be used to exchange ideas about sustainable development strategy of Science and Education in the region. Consideration of human and institutional capacities in the Balkan region in the Basic and Engineering Sciences and Education, especially in Physics and Mathematics is the basic theme of the meeting.

The possibility of forming a proposal elements and priority areas of joint scientific-educational policy, the establishment of networks of institutions and individuals at the regional level, connecting basic science with the economic and cultural trends, the inclusion of local government in such projects and experience of scientific and technological parks are the subject of the round table that is part of the meeting.

Main Topics

The meeting's programme is mainly oriented towards: Excellence in Basic and Engineering Sciences and Education in South Eastern Europe (SEE), Database of Basic and Engineering Sciences Research Centres and Institutions in SEE, Research in Physics and Mathematics – Status, Strategy and Perspectives, Regional and International Scientific Cooperation.

Program and Book of Abstracts

The time allowed for the talks is expected to be 20 and 30 minutes. The organizers will prepare and publish the Book of Abstracts. The abstracts should be prepared either in LaTeX or MS Word and sent by e-mail (ebes2010@seenet-mtp.info) not later than 12.2.2010. Program can be found at <http://www.seenet-mtp.info/ebes2010/programm>.

Participants

The number of participants is expected to be about 50.

Sponsors

UNESCO - BRESCIE (Venice) through the SEENET-MTP Network
The City of Niš
Serbian Ministry of Science and Technological Development
Faculty of Science and Mathematics, Niš
